Maybe even better than free.

If only we could, we surely would! On the other hand, using file can actually save you money. File is free to use with no gotchas and no hidden fees. Keep your files private, or send your download links only to friends or family. The cost of that data transfer is covered by your internet service or the data plan on your phone. filehosting provides an easy possibility for you to send large files to your friends. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file,data is being transferred between your computer or phone and our servers, then from our servers to your friends device. When you use file, you avoid storingthe file you're sending in your cloud storage or mail server. So try our free and simple filehosting service now. You decide who you want to share your fileswith. You don't need any special software installed to be able to download your files. Simply upload your file and share the link. No account or credit card isrequired to get started. Our service is completely free for everyone. It is also allowed to link to the download page from websites and communities. You cangive this download link to your friends by mail or instant messenger. Just upload the file you want to share with your friends and we send you a download linkto your file. There are no restrictions on the number of times a file can be downloaded. Using file, you can circumvent those limits without paying to upgradeyour team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Youcan upload any type of file (movies, music, documents, images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. Files can be downloaded from any computer from our high speed servers. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Unfortunately, we can't make that partfree. Any file in any format can be uploaded and downloaded for free.
