Maybe even better than free.

If only we could, we surely would! On the other hand, using file can actually save you money. Any file in any format can be uploaded and downloaded for free. Just upload the file you want to share with your friends and we send you a download link to your file. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. File is free to use with no gotchas and no hidden fees. Unfortunately, we can't make that part free. We have no file size limit.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Keep your files private, or send your download links only to friends or family. Using file, you can circumvent those limits without paying to upgrade your team chat service. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You decide whoyou want to share your files with. You don't need any special software installed to be able to download your files. There are no restrictions on the number oftimes a file can be downloaded. The cost of that data transfer is covered by your internet service or the data plan on your phone. filehosting provides an easypossibility for you to send large files to your friends. So try our free and simple filehosting service now. Simply upload your file and share the link. No accountor credit card is required to get started. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter!

Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Files can be downloaded from any computer from our high speed servers. It is also allowed to link to the download page from websites and communities. Youcan give this download link to your friends by mail or instant messenger. Our service is completely free for everyone. Alternatively you can choose to shareyour download links on blogs, forums and social networking sites.
