Maybe even better than free.

Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. If only we could, we surely would! On the other hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size offiles that can be transferred within their apps. filehosting provides an easy possibility for you to send large files to your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions on the number of times a filecan be downloaded. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Using file, you can circumventthose limits without paying to upgrade your team chat service. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Thecost of that data transfer is covered by your internet service or the data plan on your phone. You can upload any type of file (movies, music, documents, images,zip files and more). We have no file size limit. Just upload the file you want to share with your friends and we send you a download link to your file. Simplyupload your file and share the link. You can give this download link to your friends by mail or instant messenger. You don't need any special software installedto be able to download your files. Unfortunately, we can't make that part free. It is also allowed to link to the download page from websites and communities.Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. Any file in any format can be uploaded and downloaded for free. No account or credit card is requiredto get started. So try our free and simple filehosting service now.
