If only we could, we surely would! On the other hand, using file can actually save you money. So try our free and simple filehosting service now. No account or credit card is required to get started. Files can be downloaded from any computer from our high speed servers. filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to share your files with. Unfortunately, we can't make that part free. Keep your files private, or send your download links only to friends or family. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. It is also allowed to link to the download page from websites and communities. There are no restrictions on the number of times a file can be downloaded. Alternatively you can choose to share your download links on blogs, forums and social networking sites. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Simply upload your file and share the link. You can upload any type of file (movies, music, documents, images, zip files and more). Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Our service is completely free for everyone. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing the file you're sending in your cloud storageor mail server. We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. File is free to usewith no gotchas and no hidden fees. You don't need any special software installed to be able to download your files. Just upload the file you want to share withyour friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we're all 100% cle
