Maybe even better than free.

So try our free and simple filehosting service now. Using file, you can circumvent those limits without paying to upgrade your team chat service. We have no file size limit. Just upload the file you want to share with your friends and we send you a download link to your file. You don't need any special software installed to be able to download your files. There are no restrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Simply upload your file and share the link. Any file in any format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. Our service is completely free for everyone. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internetservice or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in datastorage fees. You decide who you want to share your files with. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. It is also allowed to link to the download page from websites andcommunities. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer from ourhigh speed servers. filehosting provides an easy possibility for you to send large files to your friends. If only we could, we surely would! On the other hand,using file can actually save you money. No account or credit card is required to get started. Unfortunately, we can't make that part free. When you use file, youavoid storing the file you're sending in your cloud storage or mail server.
