This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps. You can upload any type of file (movies, music, documents, images, zip files andmore). If only we could, we surely would! On the other hand, using file can actually save you money. You decide who you want to share your files with. Whenyou use file, you avoid storing the file you're sending in your cloud storage or mail server. There are no restrictions on the number of times a file can bedownloaded. We have no file size limit. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in datastorage fees. Our service is completely free for everyone. You don't need any special software installed to be able to download your files. Unfortunately, wecan't make that part free. Simply upload your file and share the link. No account or credit card is required to get started. Your wallet will be none-the-lighter!Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers toyour friends device. The cost of that data transfer is covered by your internet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade your team chat service. Alternatively you can choose to share your download link to your friends by mail or instant messenger. So tryour free and simple filehosting service now. Just upload the file you want to share with your friends and we send you a download link to your fi
